PRODUCT DESCRIPTION

Fieldway® FWT-1001 Impact Rig Master Glove is engineered for demanding rig and industrial environments. It features new improved TPR protection across the top of the hand and full finger length, a high-performance coated Kevlar® palm for outstanding grip and abrasion resistance, and strong heat-resistant Kevlar® stitching. The inside Kevlar® lining improves cut and puncture protection, while the reinforced thumb crotch and secure hook-and-loop TPR pull tab closure enhance durability, fit, and safety. Its high-visibility color helps improve awareness and protection in hazardous work conditions.

FEATURES

- New improved TPR protection on top of hand and full length of fingers
- High performance coated Kevlar® provides unbeatable grip and abrasion resistance
- Sewn with strong, heat-resistant Kevlar® thread
- Inside Kevlar® lining for the best cut and puncture results
- Reinforced thumb crotch
- Secure cuff with hook and loop TPR pull tab closure
- Hi visible color to increase the safety standards

APPLICATIONS

Rigs

Oil and Gas

Refinery

Manufacturing

Mining

Machinery and Equipment

Infrastructure Maintenance

STANDARDS & COMPLIANCE
