PRODUCT DESCRIPTION

Fieldway® FWT-2003 TIG Welding Glove is crafted from premium full grain goatskin leather with para-aramid thread stitching to ensure outstanding durability, comfort and safety.

These gloves are recommended for TIG welding, grinding, brazing, metal fabrication and heavy-duty maintenance jobs.

FEATURES

PREMIUM GOATSKIN LEATHER

Made from high quality full grain goatskin leather for excellent durability and comfort.

STRONG STITCHING

Sewn with para-aramid thread to ensure high strength and long lasting performance.

HEAT & SPARK PROTECTION

Provides true protection from heat, sparks and weld spatter.

COMFORT & FLEXIBILITY

Soft leather construction offers comfort, dexterity and all-day wearability.

LONG SPLIT CUFF

Extended gauntlet cuff gives extra protection to the forearms.
