PRODUCT DESCRIPTION

Fieldway FWT-4009 Driver Style Winter Working Glove is engineered for cold-weather industrial work. Its synthetic leather palm delivers dependable grip and dexterity, while inner padding helps reduce vibration and improves comfort during extended use. C70 Thinsulate lining retains warmth without excessive bulk. A 2-inch ribbed cuff and elastic wrist secure the fit, and touchscreen-compatible fingertips allow device use without

FEATURES

CW

COLD-WEATHER INSULATION

C70 Thinsulate lining helps retain hand warmth in demanding winter conditions.

AV

PADDED ANTI-VIBRATION PALM

Inner palm padding improves comfort and helps reduce vibration during repeated tool use.

GR

SYNTHETIC LEATHER GRIP

Durable synthetic leather palm supports secure handling, flexibility and dexterity.

TS

TOUCHSCREEN COMPATIBLE

Selected fingertips support basic touchscreen operation without removing the glove.

FIT

SECURE CUFF AND FIT

A 2-inch ribbed knit cuff and elastic wrist help keep the glove stable and secure.

PRO

PROTECTIVE CONSTRUCTION

Cut-resistant build, Kevlar-stitched palm and water/oil-repellent treatment add protection.
