FEATURES

- Smart liner offers a cost-effective protection solution.
- DuPont™ Kevlar® blended thin liner is worn under a cotton work glove for added cut and abrasion resistance.
- Long service life and washable construction.
- Four-way reversible design can be worn on either hand, helping reduce replacement costs.
- Suitable for general-purpose mechanical work.
- Size: One size fits all.

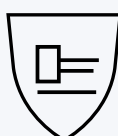

APPLICATIONS

- Automotive
- Machinery and equipment
- Sheet handling
- Glass industry
- Oil and gas
