PRODUCT DESCRIPTION

Fieldway FWT-5004 Cut Level 2 Kevlar Knitted Glove is a lightweight, high-visibility safety glove designed for work involving low-level cut hazards. Its seamless Kevlar knitted construction provides a soft, flexible fit for handling tasks in automotive, metal, glass and maintenance environments. The glove is washable and retains its protective properties after washing.

FEATURES

C2

CUT LEVEL 2 PROTECTION

Designed for jobs involving lower cut-risk and handling hazards.

KV

KEVLAR KNITTED BUILD

Seamless Kevlar knit delivers lightweight protection, comfort and dexterity.

HV

HIGH VISIBILITY

Bright yellow construction helps improve visibility in busy work areas.

WS

WASHABLE PERFORMANCE

Washable glove designed to retain its protective properties after cleaning.

FIT

FLEXIBLE UNIVERSAL FIT

Soft knitted structure with an elastic wrist; one-size design fits most users.
