FIELDWAY®

GRAY WOLF® ALUMINIZED KEVLAR® TROUSER

Contact Us : inquiry@fieldway.net

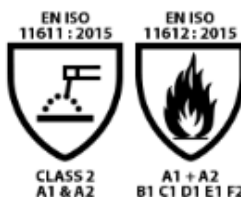

FEATURES

- Gray Wolf® aluminized heavy-duty apparel is especially designed for high-temperature molten-metal splashes and handling.
- The trouser is designed to provide extensive protection and coverage for the lower body.
- The upper layer of coated premium leather reflects up to 90%-95% of high radiant heat.
- Gray Wolf® provides high-level protection against multiple direct spills and splashes of molten metals.
- 100% DuPont™ Kevlar® lining provides exceptional strength against mechanical and thermal hazards.
- Gray Wolf® is stitched with Kevlar® threads for maximum strength and service life. Customization is available as per customer requirements.

APPLICATIONS

- Foundry casting, glass and metal fabrication, and welding
- Military and homeland security
- Personal protective apparel
- Radiant heat control
- Automotive and transportation
