

FWT-7003

GRAYWOLF®

ALUMINIZED MOLTEN METAL AND HEAT RESISTANT SAFETY APRON

**RADIANT
HEAT
PROTECTION**

**ALUMINIZED
BARRIER**

**HEAT
RESISTANT**

**DURABLE
CONSTRUCTION**

**HIGH
TEMPERATURE
SAFETY**

Contact Us : enquiry@fieldway.net

FEATURES

- Certified GRAYWOLF® aluminized safety apron
- Buckle style
- Available in different sizes (S – 3XL)
- Designed to protect users from high radiant, conductive and convective heat

APPLICATIONS

**MOLTEN METAL
HANDLING**

**FOUNDRY
OPERATIONS**

**FURNACE
OPERATIONS**

**HIGH
TEMPERATURE
ENVIRONMENTS**

PRODUCT DETAILS

Product Name	FWT-7003 GRAYWOLF® Aluminized Molten Metal and Heat Resistant Safety Apron
Material	Aluminized Heat Resistant Material
Design	Apron with Buckle Style
Sizes	S – 3XL
Protection	Radiant, Conductive and Convective Heat
Brand	GRAYWOLF®

KEY PROTECTION HIGHLIGHTS

RADIANT HEAT PROTECTION

Reflects high radiant heat from molten metal and hot surfaces

ALUMINIZED BARRIER

Aluminized material provides excellent heat reflection

HEAT RESISTANT

Designed for high temperature environments

DURABLE CONSTRUCTION

Strong and reliable design for industrial use

HIGH TEMPERATURE SAFETY

Ideal for molten metal, foundry and furnace operations

FIELDWAY TECHNOLOGIES

Reliable Protection. Trusted Performance.
